Bill splitting:

We are happy to split bills and can do it two ways:

Split evenly between people: or

Split item-by-item

We cannot split individual items

All our tips are donated to a charity of the month.

OUR ETHOS

All alcohol sold by The Imbibers is from the local area - a maximum of 60km from Oatlands (and mostly from the Coal River and Derwent Valleys). We deal directly with small-scale producers so we can meet them, learn from them, see their operation and involve them in the business.

All of the major ingredients in our food items are Tasmanian, and all finished products are produced in Tasmania. We estimate that at least 90% of ingredients in the products we serve are Tasmanian produced.

HOW TO ORDER

We specialise in 'flights' – which are comprised of tasters of several items that highlight the finest Tasmanian products. You can order a cheese flight or a cheese matched wine flight – curated by us and changing regularly, and all of our spirits and liqueurs are available as a 'choose your own flight'.

You can also order off our 'by the glass' wine list, and all wines are available at the table 'by the bottle' (see the 'drink in' price on each bottle). Nips of all spirits and liqueurs are available with your choice of mixer.

We have a choice of small-eats, as well as grazing boards which comprise of seasonally available Tasmanian produce. Order these in sizes to suit the number in your group.

FUNCTIONS

Talk to us about catering your next function – catering starts at \$24 per person, and we can tailor drinks packages to suit you.
